ShopNest Product FAQ

Last updated: 1 October 2026

What does ShopNest sell?

ShopNest is an online store selling clothing, footwear, home and kitchen appliances (blenders, mixer grinders, air fryers, kettles), small electronics (headphones, smartwatches, chargers) and home décor. All products are sold to individual customers for personal use.

Are the products genuine?

Yes. All products are sourced directly from brands or their authorised distributors and come with the original brand invoice and warranty card.

Product warranty

- Kitchen appliances (blenders, mixer grinders, air fryers): 1 year brand warranty from the date of delivery. Motors on mixer grinders carry a 2 year warranty.
- Electronics (headphones, smartwatches): 6 months to 1 year depending on the brand; the period is shown on the product page.
- Clothing, footwear and décor: no warranty.
- Warranty claims after the return window are handled by the brand's service centre. Find the nearest service centre using the toll-free number on the warranty card. Keep the ShopNest invoice (downloadable from "My Orders") as proof of purchase.

My product arrived broken or is not working. What should I do?

- If it is within the return window (10 days for appliances), request a free replacement from "My Orders" → "Return or Replace" and choose the reason "Damaged" or "Defective". Upload photos or a short video.
- A technician visit may be arranged for large appliances before the replacement is approved (within 2 working days).
- The replacement is shipped once the faulty item is picked up. If the same item is out of stock, you receive a full refund.
- If the return window has passed, use the brand warranty (see "Product warranty").

How do I choose the right size for clothes and shoes?

- Every clothing and footwear page has a "Size Chart" link with measurements in cm and inches.
- Footwear follows UK/India sizing. If you are between sizes, we recommend choosing the larger size.
- Wrong size? You can exchange clothing and footwear for a different size within 15 days of delivery, free of charge.

Is Cash on Delivery (COD) available?

- COD is available for orders between ₹199 and ₹20,000 at most pin codes. A COD handling fee of ₹29 applies.
- COD is not available for large appliances or for orders to remote areas.

Which payment methods do you accept?

UPI, credit and debit cards (Visa, Mastercard, RuPay, Amex), net banking, ShopNest Wallet, and No-Cost EMI on credit cards for orders above ₹3,000.

Do you offer installation?

Free installation is provided for air conditioners, washing machines and chimneys within 48 hours of delivery. Countertop appliances such as blenders and air fryers do not need installation; a user manual is included in the box.

Is a product out of stock?

Click "Notify Me" on the product page. You will get an email and app notification when it is back in stock. We cannot confirm restock dates.

Contacting customer support

- Chat: 24×7 in the ShopNest app and website.
- Email: support@shopnest.in (reply within 24 hours).
- Phone: 1800-123-4567 (toll-free), 9:00 AM – 9:00 PM IST, all days.
