How to request a return or refund

1. Go to "My Account" → "My Orders" and select the item.
2. Click "Return or Replace" and choose a reason.
3. Choose "Refund" or "Replacement".
4. Pick a pickup slot. Our courier collects the item from your address within 1–3 working days. Return pickup is free.
5. Once the item reaches our warehouse it goes through a quality check (2 working days). You will get an email when the check is complete.

After the quality check is passed, the refund is issued to the original payment method:

- **UPI** — Time for money to reach you: 1–2 working days.

Damaged, defective or wrong items

- Report a damaged, defective or wrong item within 48 hours of delivery.
- Upload clear photos or a short video of the product and the package from the "Return or Replace" page.
- For defective or damaged items, we offer a free replacement of the same item. If the item is out of stock, we issue a full refund including shipping fees.

- Appliances with a manufacturing defect reported after the return window are covered by the brand warranty (see the Product FAQ).

Order cancellation

- Orders can be cancelled free of charge from "My Orders" any time before dispatch.
- After dispatch, the order cannot be cancelled; you can refuse the delivery or request a return after it arrives.
- Refunds for cancelled prepaid orders follow the refund timelines above.

Payments and billing issues

- If you see a duplicate charge, an amount debited for a failed order, or an incorrect amount, contact support with your order ID and a screenshot of the bank statement.
- Amounts debited for failed orders are usually reversed automatically by the bank within 5–7 working days.
- Duplicate or incorrect charges are investigated by the ShopNest Billing team. Billing disputes, chargebacks and suspected fraud are always handled by a human billing specialist, not by automated support.
